

### Reminder

- **Reminder: BSPlink Credentials**

### February Developments

- Payment Card Acceptance module
- Country/Territory

### Future Developments

- Commission Control Query and Self-service update

## Welcome to the February 2018 Newsletter!

Agent

### **Reminder: BSPlink Credentials**

BSPlink users are reminded not to share their passwords. Sharing account credentials can put organizational security at risk by exposing customer information and financial data to unauthorized users. Also, use strong passwords, and remember they need to be unique in every system and changed on a regular basis. Lastly, please remember that you can use the "**Forgotten Password?**" Link in the BSPlink home page to reset and reinforce your credentials.

### **Developments to be Released**

#### **Payment Card Acceptance module**

A new module called 'Card Acceptance' will be added, for the users to query and modify the acceptance of payment cards (or merchant agreements, if applicable) in BSPlink.

#### **Country/Territory**

BSPlink Support has changed all references made to the word 'Country' into 'Country/Territory' in the webpages accessible by external parties.

### **Future Developments**

#### **Commission Control Query and Self-service update**

With these new options, airlines will be able to define, update and query the setups of their commission controls and the transmittal of that information to other related users (agents, BSP, GDS, DPC) in BSPlink System. Also, Agents and GDS will have a Commission Control email alert in case changes are performed by the Airline.

For internal contacts to BSPlink team, please open an internal Salesforce case and escalate through "Operational Management - HO" queue.
