

### Reminder

- **Reminder: BSPlink Credentials**

## Welcome to the January 2018 Newsletter!

Agent

### Future Developments

- **Commission Control Query and Self-service update**
- **Payment Card Acceptance Module**
- **TIP (Transparency in Payments) – MVP Enhancements**
- **TIP Reports configuration**

### **Reminder: BSPlink Credentials**

BSPlink users are reminded not to share their passwords. Sharing account credentials can put organizational security at risk by exposing customer information and financial data to unauthorized users. Also, use strong passwords, and remember they need to be unique in every system and changed on a regular basis. Lastly, please remember that you can use the "**Forgotten Password?**" link in the BSPlink home page to reset and reinforce your credentials.

### Future Developments

#### **Commission Control Query and Self-service update**

With these new options, airlines will be able to define, update and query the setups of their commission controls and the transmittal of that information to other related BSPlink users (agents, BSP, GDS, DPC). Also, Agents and GDS will have a Commission Control email alert in case changes are performed by the Airline.

#### **Payment Card Acceptance module**

A new module called 'Card Acceptance' will be added, for the users to query and modify the acceptance of payment cards (or merchant agreements, if applicable) in BSPlink.

#### **TIP (Transparency in Payments) – MVP Enhancements**

The agent users will have a new query, allowing them to retrieve the list of permissions provided by airlines.

#### **TIP Reports configuration**

A new option called 'TIP Reports' will allow the selection of the TIP files the user can receive in BSPlink.

For internal contacts to BSPlink team, please open an internal Salesforce case and escalate through "Operational Management - HO" queue.
