Welcome to the July 2013 Newsletter!

## In this edition:

- Rejected Documents
- Display of fields from Address Maintenance in RA + ADCMs

**Developments for Release on Tuesday, 30th July 2013**

## Rejected Documents

Note that this enhancement is currently live in Australia where users can now query rejected documents from the 4th period of June onward, and there is also an active pilot in Canada. Remaining implementation phase will be coordinated with regional RPMs.

**Developments for Release on Tuesday, 27<sup>th</sup> August 2013**

## Display of Fields from Address Maintenance in RA + ADCMs

The information entered on the two address fields under "Address Maintenance" will be displayed in the RAs and ADM/ACMs forms as well as displayed in the query options and in the PDF downloadable files.
