⚠️ BSPlink Enhancement For ADM Policy

URGENT UPDATE: As part of changes to Resolution 850m approved by PaConf, effective as from 1st June 2014, it has been announced that airlines were required to have a link, in BSPlink (ASD in China), to their respective ADM policies in order to continue to be able to issue ADMs in BSPlink as mandated tool for debit memo processing.

Following requests from multiple airlines and in agreement with PaConf Chairman, the systemized mandation in BSPLink requiring airlines to publish a URL link to their ADM policy website is being deferred to 31 December 2014.

new Developments for Release on Tuesday, 28th October 2014

PNRR Weblink Report

A 'csv' daily report containing transactions reported by carriers and accepted in Weblink will be generated for those airlines which have been previously configured via WEBlink and for the agents with transactions for those airlines.

Enhance Agent Group Query

BSPlink has been modified to add two new columns in the "Agent Groups Query" option: "Active" - which reflects the status of the group user, and "Number of members" –shows the total number of users within the group.

new Development for Release on Tuesday, 25th November 2014

BSPlink Options Enhancement

The BSPlink application will be enhanced for BSPlink agent group users to allow only the selection of the periods available within the corresponding year and month when querying using the following options:

GENERAL QUERIES
- On-line Billing Statement
- On-line Billing Analysis

DOCUMENT QUERIES
- Net-Remit Documents
- Credit Cards

⚠️ vMPD Sunset Communication

The IATA e-Services project supports the travel and tourism industry by facilitating the sales and collection of ancillary services through all distribution channels – including travel agents and online airline sales - using IATA's electronic miscellaneous document (EMD) standard.

Starting 1st November 2014 (00:00 local time) travel agents will no longer be able to issue vMPD in BSPLink. All miscellaneous transactions will be replaced by EMD in IATA BSP worldwide.
