Reminder: BSPlink Credentials

BSPlink users are reminded not to share their passwords. Sharing account credentials can put organizational security at risk by exposing customer information and financial data to unauthorized users. Also, use strong passwords, and remember they need to be unique in every system and changed on a regular basis. Lastly, please remember that you can use the "**Forgotten Password?**" Link in the BSPlink home page to reset and reinforce your credentials.

Future Developments

Delete Files and Delete Files Query options

Two new options under the FILES module will allow users to delete the files they had uploaded, as well as to query the amended files.

Payment Card Acceptance module

A new module called 'Card Acceptance' will be added, for the users to query and modify the acceptance of payment cards (or merchant agreements, if applicable) in BSPlink.

For internal contacts to BSPlink team, please open an internal Salesforce case and escalate through "Operational Management - HO" queue.
