

Reminder

- **Reminder: BSPlink Credentials**

Welcome to the September 2017

GDS

Future Developments

- **Delete Files and Delete Files Query Options**
- **Payment Card Acceptance Module**

Reminder: BSPlink Credentials

BSPlink users are reminded not to share their passwords. Sharing account credentials can put organizational security at risk by exposing customer information and financial data to unauthorized users.

Also, use strong passwords, and remember they need to be unique in every system and changed on a regular basis.

Lastly, please remember that you can use the "**Forgotten Password?**" Link in the BSPlink home page to reset and reinforce your credentials.

Future Developments

Delete Files and Delete Files Query options

These new functionalities will allow users to delete (uploaded) files and to query the amended files. The two options 'Delete Files' and 'Delete Files Query' will be available for users: Airline, BSP, DPC, Third Party, HOMU and MCMU under the 'FILES' module.

Payment Card Acceptance module

A new module called 'Card Acceptance' to query and modify the acceptance of payment cards (or merchant agreements if applicable) in BSPlink will be added for the users.

For internal contacts to BSPlink team, please open an internal Salesforce case and escalate through "Operational Management - HO" queue.
