Reminder: BSPLink Credentials

BSPLink users are reminded not to share their passwords. Sharing account credentials can put organizational security at risk by exposing customer information and financial data to unauthorized users.

Also, use strong passwords, and remember they need to be unique in every system and changed on a regular basis.

Lastly, please remember that you can use the "**Forgotten Password?**" Link in the BSPLink home page to reset and reinforce your credentials.

New BSPLink Training material

Already curious about the NEW BSPLink? Do not miss the opportunity of being the first one to try it. The launch of the global training phase is already live.

The New Front End project team has made available resources to create effective training materials conformed by a training portal, tutorial videos and user manuals.

The tutorial videos are available in English with subtitles in 16 different languages.

The training portal can be used for Self-learning and self-practice of the New BSPLink platform.

Training materials can be found on the IATA Customer portal or by clicking on the links below.
