Reminder: BSPlink Credentials

BSPlink users are reminded not to share their passwords. Sharing account credentials can put organizational security at risk by exposing customer information and financial data to unauthorized users. Also, use strong passwords, and remember they need to be unique in every system and changed on a regular basis. Lastly, please remember that you can use the "**Forgotten Password?**" Link in the BSPlink home page to reset and reinforce your credentials.

Developments Released

TIP - Forms of payment CCAC and CCVA

In order to comply with DISH 23 specifications, the payments made with the Virtual Account Numbers (VAN) enrolled with IATA as an Alternative Transfer Method and the payments made with the agents own cards will be identified as CCAV and CCAC respectively.

Split BSP TT

The BSP TT has been split in several BSPs (AG AW BB BQ CW DM GD GY KN LC MS SR SX TT VC).

Future Developments

BSPlink access through CS Portal campaign

An alert will be shown to the users, whenever they access BSPlink directly through the URL, encouraging the user to use the Customer Service Portal instead.
