Reminder: BSPlink Credentials

BSPlink users are reminded not to share their passwords. Sharing account credentials can put organizational security at risk by exposing customer information and financial data to unauthorized users.

Also, use strong passwords, and remember they need to be unique in every system and changed on a regular basis.

Lastly, please remember that you can use the "**Forgotten Password?**" Link in the BSPlink home page to reset and reinforce your credentials.

Developments Released

TA deactivation request for inactive agent

When a deactivation request is received for an agent whose BSPlink user is non-active the system will remove all Ticketing Authority for this agent and inform all the involved parties.
